## Experiences

**EasyFind Co.** Arcadia, California Sep 2020 – Dec 2020

### Web Developer

- Interned at a comprehensive information service platform that provides membership to international students in the United States.
- Played a role of website design and ongoing maintenance.
- Had the ability to find the solutions to the inadequacies on the websites.
- Maintained communication with team members and supervisors concerning the direction of the website.

**Adier Corporation**, Long Island City, NY Aug 2017 – May 2018

### Web Developer

- Designed, built, and maintained web sites which reached 100% customer satisfaction, according to customer survey, using authoring or scripting languages, content creation tools, and digital media.
- Created reports for the Management to track the keyword rankings for web sites, using Google Analytics, SERP tools, or Moz.
- Performed routine site audits on an as-needed basis.

## Extracurricular & Academic Activities

**JPMorgan Chase & Co.** On-line Jun 2020 – One Week

### Software Engineering Virtual Experience Program Participant

Participated in the open access *JPMorgan Chase & Co.* Virtual Experience Program with InsideSherpa.

Tasks Completed include:

- Using a stock price data feed and set up system for analysis the financial data to enable traders to identify when trading for the stock should occur.
- Implement the Perspective (JPMorgan Software) open source code for data visualization.
- Use Perspective to create the chart for the trader's dashboard.
